

Coil compatability list page 1 - Although Lucas list all of the following to be the same, there are some differences on the Lucas parts list. 400 - 404 & arnolt is 45012A/D, the 1955/56 type 405 is 45012B and 1957/58 is 45054H. The 406 is listed as 45054H/K.

ADDITIONAL - 45012A/D is listed as a Black B12/1 but another possibly later list shows 45075 HA12 a silver bodied coil as Bristol all models 1947 - 1960. Presumably its one that fits all?
